RE: Request for Proprietary Treatment of Petition for Exemption from part 726
Rulemaking, Docket # 03-0219
Solutia Inc., Krummrich Plant, Sauget IL.

Dear Ms. Elizabeth Rolando

I am requesting a "motion for proprietary treatment" of our petition for exemption from part 726 Rulemaking, Docket # 03-0219 (Private Emergency Answering Point). I am enclosing the public version of the petition. The reason for this request is that some of the information is "sensitive" for purposes of Homeland Security. As such it would not be prudent to publish specific details for public review. To maintain the appropriate level of security of this information I have blocked out certain portions of the petition and Exhibit 1: Makeup of Solutia's Security, Fire Department (Fire, HAZMAT, Rescue / Emergency Medical) and Plant Dispensary.

I further request that exhibits 2, 3, 4, 5, and 6 be excluded in their entirety from the public version of the petition as they deal specifically with security and emergency response procedures.

I appreciate your consideration in this matter. Please do not hesitate to call or email me if you have any questions. I can be contacted at (618) 482-6444 or by email at ddride@solutia.com.

Sincerely,

Donald D. Ridenhower

Emergency Response Coordinator / Supervisor of Security and Shift Supervision
